

MOTION

The Los Angeles Equine Advisory Committee (Committee) was created in 2009 by a unanimous vote of the City Council and signed by the Mayor.

Each member of the City Council and the Mayor was tasked with the appointment of one member to the Committee.

It has been the mission of the Committee to provide expert insight and advice on equestrian and trail issues pending before the City of Los Angeles.

Members appointed to the Committee for their passion and expertise regarding horses, would benefit from background in civic awareness and LAEAC accomplishments for the past fourteen years.

Committee members may benefit from training on topics such as ethics, land use and protocols governing the Brown Act, for agendas and motions. Many of these topics are addressed by the Department of Neighborhood Empowerment for Neighborhood Council training for new board members.

I THEREFORE MOVE that the Equine Advisory Committee create a New Member Orientation package containing, but not limited to, sections on the following:

- Committee background and founding documents
- Brown Act Training
- Land Use (Zimas, LA City Plans, Community Plans)
- Government Protocols (LA City structure)
- Outreach

I FURTHER MOVE that the Equine Advisory Committee contact the Ethics Commission for help in accessing the Department of Neighborhood Empowerment's online tutorials addressing any of the above-referenced subjects.
