

# Women In Government:

**Shaping History, Building Community**

**Connect virtually with L.A.'s City Councilwomen**

Join us for this one-of-a-kind event, in celebration of Women's History Month. For the first time in history, women hold a majority on the Los Angeles City Council—an achievement that marks a new chapter in leadership and inclusivity.

This panel brings together trailblazing women in government to discuss their journeys, the impact of representation, and how they are shaping policies that build a stronger, more equitable Los Angeles.

**Monday, March 17, 2025**

**10:00am - 11:00am**

**Virtual Panel**
