ABOUT THE PROGRAM

Our Camper Leadership Development program provides an opportunity for teens to continue their growth at camp through adolescence. The girls are provided the chance to make a positive impression on younger campers, to strengthen their self-love, and to step into a role that asks more from them than perhaps they've experienced in the past.

The program combines counselor-in-training knowledge and experience, leadership development, techniques in mental/emotional wellness, lessons in general life skills and hacks, and other assorted training to be aware, kind, proactive citizens of the world. Tying into the weekly themes, the CLDs not only participate in all classic camp activities, but split their time learning about camp, learning how to "adult," and learning about themselves. They have their own workshops ranging in topics from budgeting, cooking, communication, mindfulness, maintenance of healthy boundaries, family/community involvement, etc.

They will be learning pathways to greater self-esteem, emotional regulation, professionalism, teamwork, and how to maintain playfulness/joy regardless of age or circumstance. CLDs are not allowed to bring cellphones to camp, and therefore able to fully immerse in the here and now. The goal of the program is to create empowered, fun-loving, independent, brilliant, grateful, and proficient young women who can be role models not only to younger campers but to all in their lives.

LETTER FROM THE CLD DIRECTOR

Welcome back, welcome back, welcome back! Three welcomes to introduce our third summer celebrating our revamped CLD Program.

Our Camper Leadership Development program has been incredibly successful these past two years, and we are excited to bring it back for a third. This program, designed for teenagers 15-17 acts as a transition from their familiar camp experience while learning and practicing both hard and soft skills which will help them to thrive in the real world. During the week, the girls are asked to rise to the occasion of being role models to others. They experience all sides of the camp experience— spending time playing with younger campers, participating in all activities, learning the behind the scenes of setting up all aspects that make camp so magical, assisting both campers and counselors etc., while also expanding and developing their own unique identities. Focusing on self-reliance, compassion, and sisterhood, the CLD program sets our teens up to be emotionally grounded, socially aware, and courageous role-models to all.

CLDs participate in weekly workshops highlighting different themes and skillsets that they will be able to carry into their daily lives. The Camper Leadership Development program allows teenagers to step back from the daily stress in their lives and enables them to connect to themselves again. It's a week of unforgettable best-friendships, new experiences, and deep belly laughs. As a **cell phone- free** environment, the teens are allowed the freedom of going off grid and escape any social dramas from the outside world. The teenagers choose their "camp name" based on the man-made object of their choice and are able to embody their best selves. Through this program, our teens can spend time in nature, feel important, step out of their comfort zones, help each other, and create an identity for themselves as they see fit.

This is a program for teenagers who want to better themselves, to be of service to themselves and others, to try new things, to be vulnerable and open, and those who want to engage their inner child. We work with the teens to strengthen their self-identity – from confidence to compassion to self-reliance. It is a program that runs on participation, inclusivity, trust, acceptance, and love.

It has been an incredible honor to run the Camper Leadership Development program over the last years. There is no greater privilege than being entrusted with the hearts and minds of these fabulous teenagers, and I am infinitely excited to see what this summer brings.

With goodness,
Amoeba
CLD Director

CLD REGISTRATION 2024

Girls ages 15-17 are eligible to register for the Camp Hollywoodland Camper Leadership Development (CLD) Program. They will be learning many skills including how to lead activities, peer cooperation and how to become a successful camp counselor. CLDs will have special training programs where they will learn more about being a camp counselor and work on developing the skills necessary to be an effective youth leader. Each week they will be focusing on a specific camper leadership skill set and will be given the opportunity to put the skills into practice. While the CLD Program does not guarantee a future camp counselor position at camp, it will improve the CLDs leadership skills and youth interaction skills which will make them a more qualified applicant. As a CLD they will be required to assist in a variety of activities throughout camp. These include, but are not limited to, assisting during rest times in assigned cabins, assisting counselors during activities, entertaining campers, helping with set-up/clean-up of special events and assisting counselors for a part of trip day.

We must have 10 CLDs enrolled per week to provide this program, so sign-up early!

Parents/guardians will be required to register online at <https://www.laparks.org/camp/camphollywoodland> All youth must be registered in advance to participate in our program. Onsite registration will not be accepted unless called off of a waiting list for attendance that day.

Enrollment is Limited!
